

REGISTRATION FEE

- 14.15-15.45 D) THE BREAST**
Coleman S. (New York) – Lipostructure to the breast
Delay E. (Lyon) – Treatment of tuberous breast
Khouri R. (Miami) – Breast augmentation with BRAVA, the Miami protocol
Eisenmann-Klein M. (Regensburg) – Fat injection for breast augmentation and reconstruction
Rigotti G. (Verona) – Post mastectomy breast augmentation, the Verona protocol
Grisotti A. (Milano) – Aesthetic breast augmentation with cell enriched fat transplantation

15.45-16.15 COFFEE BREAK

- 16.15-17.00 E) HOT TOPIC – THE ONCOLOGICAL RISK**
Muller C. (Toulouse) – Mature adipocytes and breast cancer cells: a dangerous combination?
Nava M. (Milano) – Locoregional and distant recurrence risk after lipofilling in breast cancer patients
Rigotti G. (Verona) – Is it fat injection a safe procedure in post-mastectomy breast reconstruction? Evaluation of the oncological risk factors in autologous lipoaspirate grafting

17.00-17.15 DISCUSSION

- 17.15-18.00 F) SPECIAL PROBLEMS**
Magalon G. (Marseille) – Solving difficult problems of lower limbs
Del Bene M. (Monza) – Lipostructure to the hands and feet
Cantarella G. (Milano) – Improving the voice quality
Brambilla M. (Milano) – Lipostructure to the female genital area

18.00-18.15 G) REVOLUTIONARY CLINICAL APPLICATIONS – FOUR-MINUTE SESSION

- Forcellini D. (Milano)** - Lipostructure as treatment for P.M.P.S. (Post Mastectomy Pain Syndrome)
Torretta S. (Milano) – Treatment of Frey Syndrome with fat grafting
Brambilla M. (Milano) – Treatment of urinary incontinence

18.15-18.30 RESULTS, CONCLUSIONS

- Coleman S. (New York)** – Accelerating evolution of fat transplantation in the last 25 years. What' in the future?
Mazzola R. (Milano) – Conclusions

18.30-18.45 Q & A

18.45 ADJOURNMENT

Registration fee includes: participation in the scientific program, congress material, simultaneous translation, attendance certificate, lunch and coffee during the breaks.
 Simultaneous translation from English to Italian and vice versa available.

	Fondazione Members*	Non Members	Trainee**
Until 16 th July 2011	€ 400	€ 450	€ 200
Before 15 th September 2011	€ 450	€ 500	€ 250
ON SITE	€ 650	€ 700	€ 250

* annual dues: € 130,00
 ** with certificate

We are grateful to MENTOR for the support given to the event

FAT INJECTION and TISSUE REGENERATION

Improved techniques for achieving better outcomes

4th INTERNATIONAL SYMPOSIUM

Saturday, 17th September 2011

Fat grafting for Hemifacial Microsomia. From: E. Lexer, *Die freie Transplantation*, 1919

Course Location:
Centro Congressi Fondazione Cariplo
Via Romagnosi 8, Milano, Italy

Chairmen:
Riccardo MAZZOLA M.D., Marco KLINGER M.D.,
Andrea GRISOTTI M.D.

International Faculty:

BENSLIMANE Fahd (Morocco)
COLEMAN Sydney (U.S.A.)
DELAY Emmanuel (France)
EISENMANN-KLEIN Marita (Germany)
KHOURI Roger (U.S.A.)
MAGALON Guy (France)
MOJALLAL Ali (France)
MULLER Catherine (France)
PALLUA Norbert (Germany)
YOSHIMURA Kotaro (Japan)

Italian Faculty:

BRAMBILLA Massimiliano (Milano)
CANTARELLA Giovanna (Milano)
CERVELLI Valerio (Roma)
DEL BENE Massimo (Monza)
GRISOTTI Andrea (and co-workers) (Milano)
KLINGER Marco (and co-workers) (Milano)
MAZZOLA Riccardo (and co-workers) (Milano)
NAVA Maurizio (Milano)
RIGOTTI Gino (Verona)
SBARBATI Andrea (Verona)

Endorsed by*Symposium objectives*

Delivered by a renowned faculty of international leaders from the forefront of the world of **Fat grafting**, the Symposium is a must for those involved in the basic researches and clinical applications and those who want to learn more about the expanding opportunities of the procedure. This full immersion Symposium is aimed at specialists, trainees, established plastic surgeons, surgeons of related disciplines and anti-aging physicians from the wider international community. The Fondazione G. Sanvenero Rosselli is pleased to welcome an expert panel of speakers, from around the world who will present and lead the discussion on the latest insights of basic research on regenerative medicine, as well as on treatment, management and safety issues of fat grafting.

Learning objectives

At the conclusion of the symposium, participants should be able to:

- Recognize and diagnose the correct surgical indications for their patients
- Become familiar with new techniques and protocols of fat grafting and incorporate them into their armamentarium
- Apply various surgical and minimally-invasive procedures of fat grafting
- Appropriately select candidates for aesthetic and functional procedures
- Recognize and implement safety precautions into their practices
- Evaluate complications and utilize appropriate techniques for correction
- Embrace the new opportunities of regenerative medicine and implement them into their practice

8.30-8.45 **SYMPOSIUM PRESENTATION**
(R.F. Mazzola, M. Klinger, A. Grisotti)

INTRODUCTION *(S. Coleman)*
Evolving concepts in fat grafting

9.00-10.30 **1. THE SCIENCE OF FAT GRAFTING**
Sbarbati A. (Verona) – Subcutaneous adipose tissue classification
Yoshimura K. (Tokyo) – Cellular and molecular events in fat grafting: what happens in fact?
Pallua N. (Aachen) – Growth factors in adipose tissue. Benefit or possible risk
Cervelli V. (Roma) – Application of enhanced stromal vascular fraction compared to fat grafting mixed with P.R.P. What is the difference?

10.15-10.30 **DISCUSSION**

10.30-11.00 **COFFEE BREAK**

11.00-18.45 **2. UPDATE ON CLINICAL APPLICATION OF STRUCTURAL FAT GRAFTING**

11.00-11.40 **A) NEW IDEAS AND INNOVATIONS – DETAILS OF TECHNIQUE**

Coleman S. (New York) – Effects of centrifugation of lipoaspirate on fat graft survival
Magalon G. (Marseille) – Disposable micro cannulas. A technical advance for placing micro fat parcels
Khouri R. (Miami) – The importance of the “Rigotomies” for improving the outcomes
De Fazio D. (Milano) – The Cytori Celution System to isolate stem cells. Pros and cons
Mojallal A. (Lyon) – Use of stem cells included in the lipoaspirate: fluid stem cell injection
Caviggioli F. (Milano) – Employment of needles: a different technique for fat placement

11.40-12.10 **B) THE SKIN**

Mojallal A. (Lyon) – The impact of fat grafting on skin quality. Experimental study and clinical application
Klinger M. (Milano) – Lipostructure in scar and skin remodelling

12.10-12.55 **C) THE FACE**

Mazzola R. (Milano) – Fat grafting to the face
Coleman S. (New York) – Upper facial rejuvenation with structural fat
Benslimane F. (Casablanca) – Aesthetic interdependence of the temporo-orbital area and the eyebrow. How to reposition the eyebrow without surgery

12.55-13.15 **DISCUSSION**

13.15-14.15 **LUNCH**
